

$$7 - 3 = 4$$

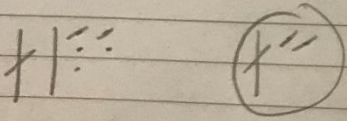

Circle the number you are taking away.

$$16 - 4 = 12$$

Cross out from both sides until the circle is empty.

$$25 - 12 = 13$$

Remember to count how many tens and how many ones are left!

Have a go at doing your own. Make sure your numbers are the right way round and your jottings are neat!

$$9 - 3 =$$

$$15 - 2 =$$

$$16 - 4 =$$

$$17 - 12 =$$

$$27 - 14 =$$
