

Owl Babies-Follow up activities:

Get creative... Can you make your own Owl and baby owlets? What will you use?

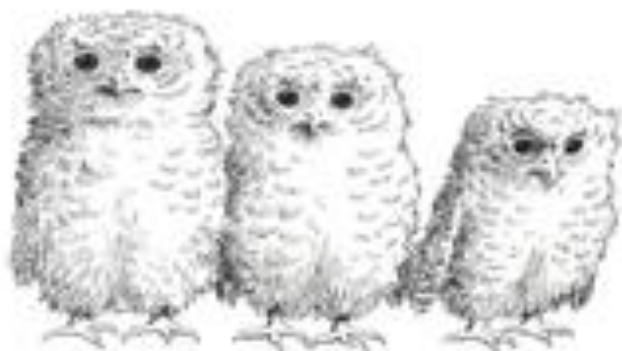

FACTS ABOUT OWLS

- There are 216 species of owls throughout the world
- Some Owls hunt during the day, others hunt during the night-These owls are nocturnal
- A group of owls is called a parliament.
- A baby owl is called an Owlet
- Food is often swallowed whole - bits of fur and bone are then regurgitated (coughed up) as an owl pellet.
- Owls have very good hearing and eyesight, so they can catch their pray at night.
- Owls have very powerful claws to help them catch and kill prey

Owl Babies

Can you remember who the main characters in the story are?

Where was the setting of the story?

How do you think the Owls are feeling in the story?
