

Tricky words (set2)...

Use these words to play a game. You can print out this page, write the words on chalk on the ground, write them on sticky notes/paper and stick them up. Then take it in turns to call out a word – the other person needs to find it and 'throw' a bean bag/scrunched paper ball/rolled up sock and try to 'hit' or 'land on' the word.

Who will be the first person to get their bean bag/scrunched paper ball/rolled up sock onto 4 of the words?

Race against the clock – how long will it take you to read and hit/land on every word? Who is the fastest?

If you have a water pistol/super soaker, you can even 'squirt' the words!
