

Group 1 Week 3 – Geography

Task 1:

Have a look at the world map – Do you know where the UK is?

What continent is the UK part of? We are part of Europe.

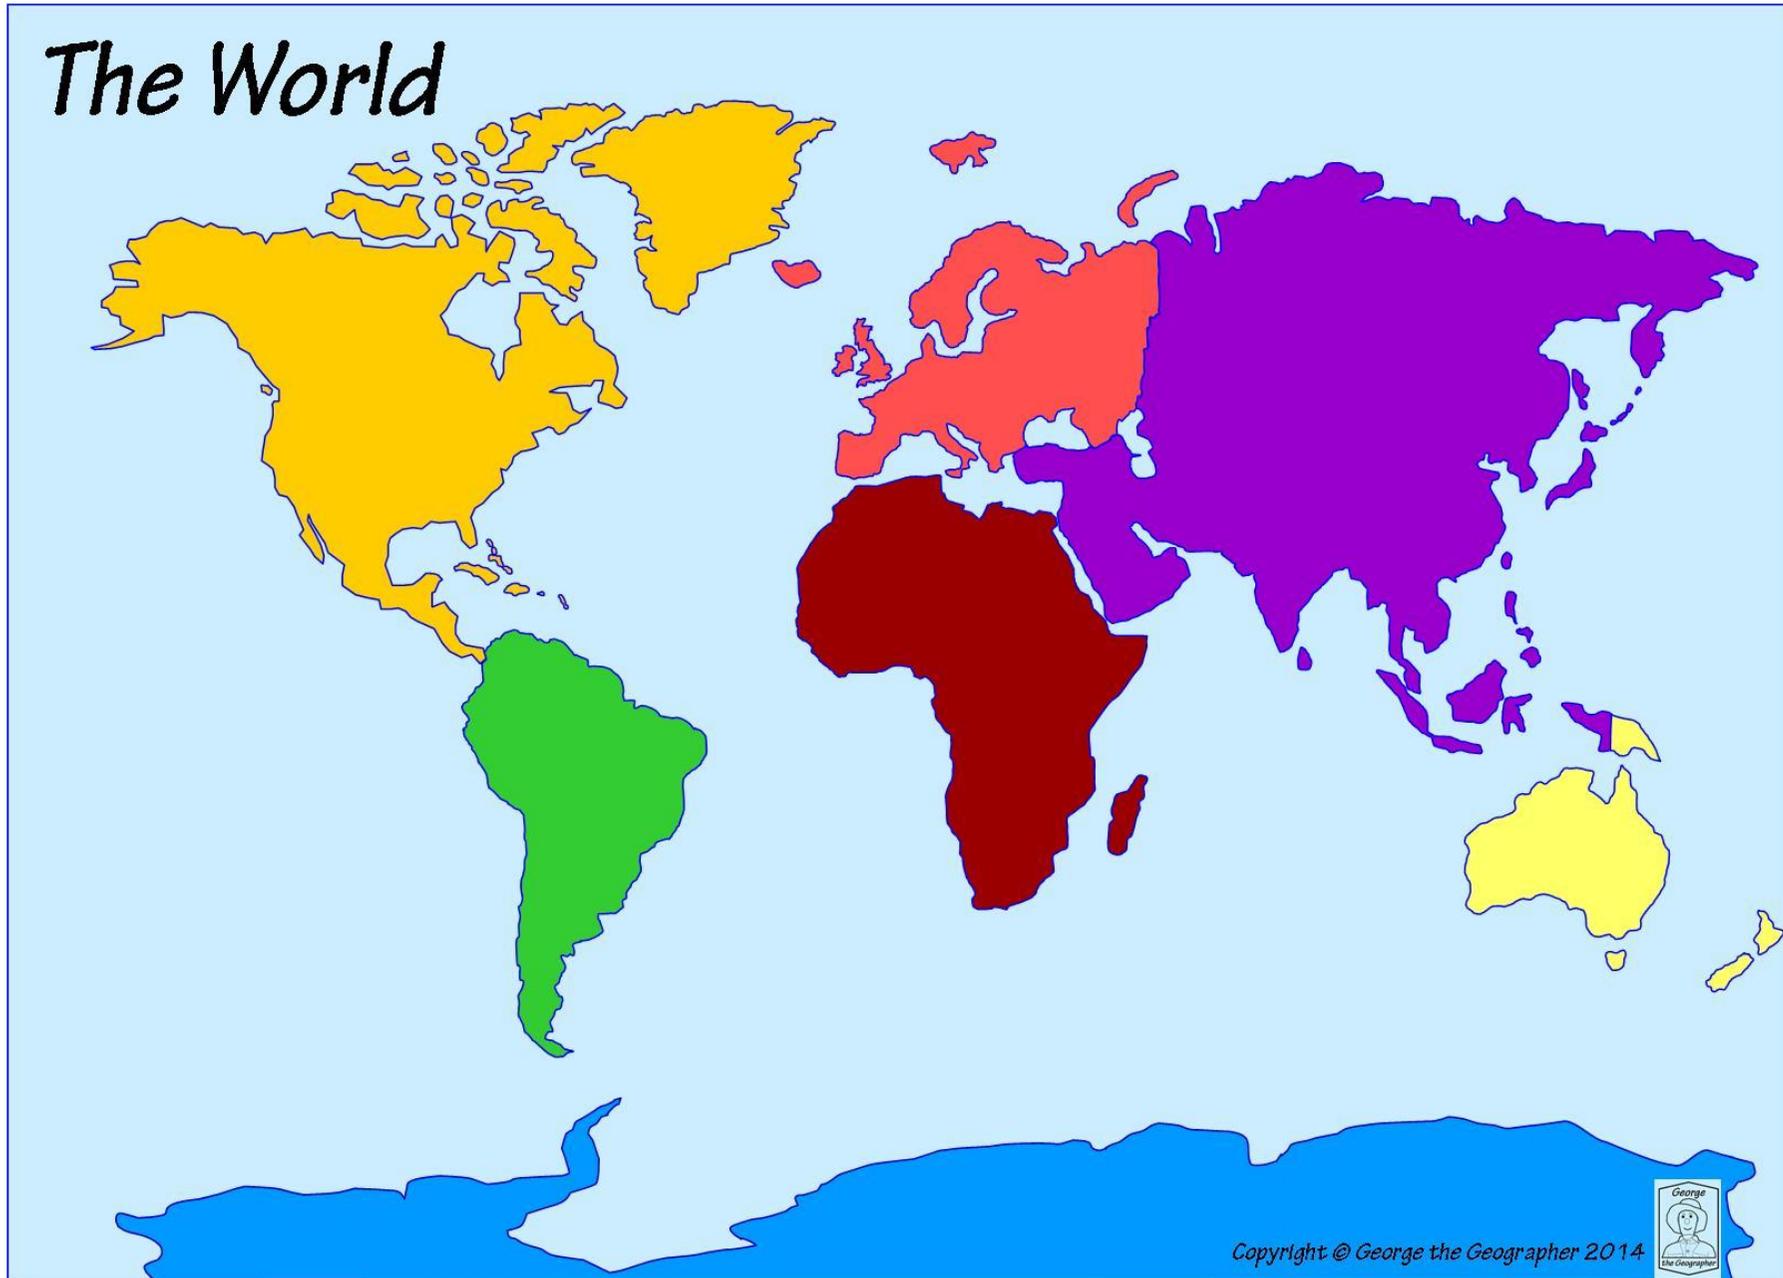

We are here – We live in the UK (United Kingdom) We live in a country called England.

Listen and join in with the continents song off Youtube <https://www.youtube.com/watch?list=RDK6DSMZ8b3LE&v=K6DSMZ8b3LE>

Have a look at the map below with all the continents on. Can you tell your adult which continent is where? Have another go at the song if you are not so sure. Have you ever heard of Antarctica? Where is it on the map?

Task 2: Below is a blank world map – Can you have a go at labelling the continents?

Task 3: Do a little research online and have a look at some photographs/videos of Antarctica. What do you see? Is it hot or cold? With someone at home, can you make a list of all the things you can see or have learnt about Antarctica?

(Video link <https://www.youtube.com/watch?v=TiXOQn7z9Hg> )

Task 4 – Below are some animals – Using the map with continents on from Task 1, can you place these animals where you think they may live? Discuss if these animals would live in hot parts of the world or in cold parts of the world.

Task 5:

What is it like in the Sahara Desert? Research and look up what the Sahara Desert is like. Is it cold there? What would it be like to live in the Sahara Desert? (<https://www.youtube.com/watch?app=desktop&v=gaZKEc59g1w>)

What is it like in the Arctic? What would it be like to live there? Research and find out. How is it different from the Sahara? Where would you rather live? (<https://www.youtube.com/watch?v=KmckDac-Ua0>)

What is it like in the Antarctic? <https://www.youtube.com/watch?v=t3StWheKtq8>

Task 6:

<https://www.youtube.com/watch?v=Y3cKvtePhlo> – Watch the book 'Mirror' Can you create your own mirror picture? One side of the page drawing 'hot' places in the world, the other side of the page drawing 'cold' places in the world. Label your picture with facts you have learnt about hot and cold places.

Do you think we live in a hot or cold place? Why?
