

## PSHE

At school we would like to make a whole school puzzle. To do this we would like you to choose one puzzle piece and decorate it. Within your puzzle piece please can you write/draw something that makes you feel happy during this time. It could be family, friends, walks, reading... anything! Maybe you could decorate it with colours you enjoy or just something you are proud of about yourself. We really want it to be positive and uplifting and it will be displayed in school bringing the whole school together!

There are some examples below:
