Friday	INSET DAY!

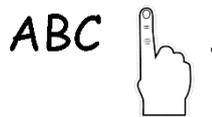

We have modified the instructions for this week's writing. These are a starting point for the children to write their own set of instructions.

1. First put it all in.
2. Next mix it up.
3. Then press it into a ball.
4. After that roll it flat.
5. Now cut them out.
6. Finally cook them.

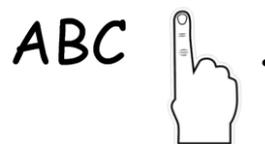

Monday

Look at the pictures, can they tell you the instruction using the ordinal language at the beginning. Get them to say the instruction several times. How many words will I need to write? Look at the three symbols, remind the children these are the three things they need to include in their sentences; capital letters at the beginning of a sentence, finger spaces in between words and a full stop at the end.

Ask them to write two instructions to match the pictures.

1. _____

2. _____

Now read through and check your sentences, use the marking symbols and tick them off to say you have used your capital letters, finger spaces and full stops.

Tuesday

Look at the sentence-what mistakes can you spot? Circle the mistakes

Use the symbols to help you.

Sentence Doctor-Can you mend the sentence?
