

Glenfield Infant School

together we are brilliant

What we are up to

We have some exciting plans next week! As we continue learning new sounds, we will be tucking into some cake, using glow sticks, and making our own octopuses and kites!

We will also be learning to rhyme next week. We will play many games which help us to notice rhyming objects and match them together. Even attempting to create our very own sequence of rhymes. Please, if you read a book that contains rhymes, take the time to talk about it at home.

Stay and play!

We have our first stay and play this Tuesday, if you arrive at 2:30 and come in via the office, Mrs Sharlott will be in the hall to talk phonics! Then you will have a chance to come and look at our classrooms.

Thank you for your continued support.

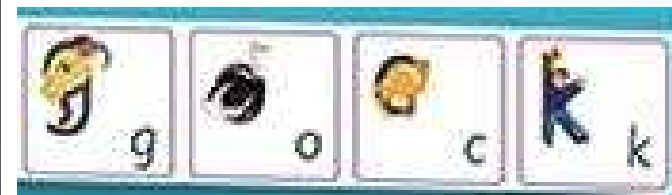

The Year R team

Check us out practising our scissor skills ... cutting spring onions, green beans, and lettuce!

Phonics and handwriting:

We will be continuing with phonics after we have learned i,n,m,d this week! We will be learning 4 more sounds (g o c k). So please do ask your children what sound they have learnt each day to ensure they remember it. We appreciate all your help in this. We will also be sending home phonics cards in book bags Friday, as extra practise.

Regular reminders!

- Please remember to bring back your child's reading book each Friday so that it can be changed. Thanks so much!
- Please remember book bags every day.

Thank you so much.
